

Dear BosNOMA supporter,

I hope this letter finds you safe and well! As we near the end of the year, I'd like to take a moment to look back on a few chapter milestones and accomplishments and thank all of our members and supporters who have made this work possible.

In what was yet another challenging and unpredictable year, BosNOMA was able to increase our presence in the Boston community and we have recently surpassed 100 members! Thank you to all of our renewed members who have continued to volunteer their time and talents to BosNOMA committees and initiatives, and a warm welcome to our newly joined members.

This past summer, with the help of several sponsors and many volunteers, we hosted BosNOMA's first Project Pipeline camp with 27 future designers. Through a virtual format, our mentor team of architects, architectural students, and engineers led the students through drawing, modeling, and presentation exercises that built on each other over the 3-day camp. As the students made their final presentations, I was inspired not only by their creativity, but also by their thoughtfulness and optimistic vision of a future that is inclusive to all.

It is this vision that drives us to continue to grow and expand our efforts, and we need your support now more than ever. With your help, we can reach our goals of achieving diversity, establishing strategic partnerships, and investing in the next generation. We hope you will join us in our efforts to increase diversity in the design industry.

Thank you in advance for your support in helping us reach our goals. Please reach out if you would like to discuss this further, or visit our website (www.bosnoma.org) for more information.

With warm regards,

Ali Horwitz
BosNOMA President
